NOTICE

THE DEPARTMENT WILL ENFORCE THE COLLECTION OF FEES AND FOLLOW UP ON FORMS THAT ARE NOT RETURNED. FORMS MUST BE COMPLETED EVEN IF NO FEE IS DUE. FEES MUST BE PAID EVEN IF THE FACILITY CLOSES DURING THE CALENDAR YEAR FOR WHICH YOU ARE REPORTING. A PENALTY OF 15% OF THE FEE DUE WILL BE ASSESSED ON THOSE FEES DELIVERED OR POSTMARKED AFTER APRIL 15, 2000. PLEASE TYPE OR PRINT AND RESPOND TO ALL QUESTIONS. ADDITIONAL INSTRUCTIONS ARE ENCLOSED.

1. The law requires that you file this return annually, on or before April 15, reporting on activities of the prior calendar year. The calendar year for which you are reporting is ➡	1999
2. A person that is required to obtain a United States environmental protection agency identification number shall pay the fees listed in sections 4, 5, 6, and 7.	
3. A person who is subject to the fees listed in items numbers 8, 9 and 10 who generates, transports, treats or disposes of a fraction of a ton of hazardous waste will pay a proportionate fee equal to the fraction of a ton.	
4. a. Do you generate 2200 pounds a month or more of hazardous waste in Iowa? <input type="checkbox"/> No Go to Item 5a <input type="checkbox"/> Yes Complete Item 4b	
b. Enter fee due of \$250.00 (also record this amount on line 11a on the reverse of this form)	4b. \$
5. a. Do you generate less than 2200 pounds a month of hazardous waste in Iowa? <input type="checkbox"/> No Go to Item 6a <input type="checkbox"/> Yes Complete Item 5b	
b. Enter fee due of \$25.00 (also record this amount on line 11b on the reverse of this form)	5b. \$
6. a. Do you transport hazardous waste? Firms that only transport out of state waste through Iowa are exempt. <input type="checkbox"/> No Go to Item 7a <input type="checkbox"/> Yes Complete Item 6b	
b. Enter fee due of \$25.00 (also record this amount on line 11c on the reverse of this form)	6b. \$
7. a. Do you operate a hazardous waste treatment, storage, or disposal facility in Iowa? <input type="checkbox"/> No Go to Item 8a <input type="checkbox"/> Yes Complete Item 7b	
b. Enter fee due of \$25.00 (also record this amount on line 11d on the reverse of this form)	7b. \$

EXEMPTIONS TO SECTIONS 8, 9, AND 10

You are exempt from payment of the fees listed in sections 8, 9, and 10 if any of the following criteria is met. Check all boxes that apply and complete the certification section on the reverse side of this form.

- ☐ You are a duly authorized agent of the state of Iowa or a political subdivision of the state.
- ☐ The hazardous waste is reclaimed or reused for energy or materials.
- ☐ The hazardous waste is transformed into new products that are not regulated as wastes (oil, batteries, anit-freeze, parts washer solvent and Mercury flourescent lights are not considered to be hazardous waste if they are recycled).
- ☐ The hazardous waste is created or retrieved as a result of remedial actions at a hazardous waste or hazardous substance disposal site.
- ☐ The waste is the influent to a wastewater treatment facility that is subject to regulation under DNR rules in Chapter 62 or 64.
- ☐ A hazardous waste which, due to its intrinsic physical, chemical or biological composition, degrades, decomposes or changes physical characteristics so as to be rendered or considered non-hazardous without any form of external mechanical, physical or chemical treatment being introduced. However, such change to a non-hazardous nature must occur within 24 hours of the generation of the hazardous waste before the exemption granted in this paragraph is applicable.

8. TRANSPORTATION FEE: EXCLUDE ANY EXEMPTED WASTE

- a. If you are a hazardous waste generator how many tons of hazardous waste were transported off of the site of generation to a facility owned by you for the purpose of waste treatment or recycling? Enter amount on line 8a.
EXCLUDE THE WATER CONTENT OF THIS WASTE
- b. If you are a hazardous waste generator how many tons of hazardous waste were transported off the site of generation to a facility not owned by you? Enter amount on line 8b.

8a	tons
----	------

If you own or operate a hazardous waste treatment or disposal facility in Iowa how many tons of hazardous waste generated outside of Iowa were transported off the treatment or disposal facility site? Enter amount on line 8b.

INCLUDE THE WATER CONTENT OF THIS WASTE

8b	tons
----	------

- c. Add lines 8a and 8b. If the amount is 2,500 tons or more enter 2,500 on line 8c. If the amount is less than 2,500 tons, enter that amount on line 8c.

8c	tons
----	------

- d. Multiply line 8c by \$10.00/ton. Enter amount on line 8d. (Also record this fee on line 11e, below.)

8d	\$
----	----

9. TREATMENT FEE: EXCLUDE ANY EXEMPTED WASTE

- a. If you are a hazardous waste generator how many tons of hazardous waste did you destroy or treat in Iowa to render the hazardous waste non-hazardous? Enter amount on line 9a.
- If you own or operate a hazardous waste treatment or disposal facility how many tons of hazardous waste generated outside of Iowa did you destroy or treat to render the hazardous waste non-hazardous? Enter amount on line 9a.

9a	tons
----	------

- b. If the amount on line 9a is 500 tons or more enter \$1000.00 on 9b. If the amount is less than 500 tons multiply line 9a by \$2.00/ton. Enter amount on line 9b. (Also record this fee on line 11f, below.)

9b	\$
----	----

10. DISPOSAL FEE: EXCLUDE ANY EXEMPTED WASTE

- a. If you are a hazardous waste generator how many tons of hazardous waste did you place, deposit, dump, or dispose of onto or into the land at a disposal facility in Iowa? Enter amount on line 10a.

If you own or operate a hazardous waste treatment or disposal facility how many tons of hazardous waste generated outside of Iowa did you place, deposit, dump, or dispose of onto or into the land at a disposal facility in Iowa? Enter amount on line 10a

10a	tons
-----	------

- b. Multiply line 10a by \$40.00/ton. Enter amount on line 10b. (Also record this fee on line 11g, below.)

10b	\$
-----	----

11. FEES DUE

- a. Large quantity generator fee from line 4b
- b. Small quantity generator fee from line 5b
- c. Transporter fee from line 6b
- d. Treatment, storage, or disposal facility fees from line 7b
- e. Transportation fee from line 8d
- f. Treatment fee from line 9b
- g. Disposal fee from line 10b

11a.	\$
------	----

11b.	\$
------	----

11c.	\$
------	----

11d.	\$
------	----

11e.	\$
------	----

11f.	\$
------	----

11g.	\$
------	----

12. TOTAL FEE DUE

12.	\$
-----	----

PLEASE ENCLOSE A CHECK OR MONEY ORDER PAYABLE TO THE DEPARTMENT OF NATURAL RESOURCES IN THE AMOUNT SHOWN IN SECTION 12. MAIL OR DELIVER TO THE DEPARTMENT OF NATURAL RESOURCES, 900 E. GRAND AVE., DES MOINES, IA 50319-0034, ATTN.: CONTAMINATED SITES ON OR BEFORE APRIL 15. YOU MAY CALL 515 281-8801 OR WRITE TO THE ADDRESS LISTED ABOVE WITH ANY QUESTIONS YOU MAY HAVE.

DEPARTMENT OF NATURAL RESOURCES

THOMAS J. VILSACK, GOVERNOR
SALLY J. PEDERSON, LT. GOVERNOR

PAUL W. JOHNSON, DIRECTOR

January 15, 2000

The Code of Iowa (455B.424) places a fee on the generation, transportation, treatment and disposal of hazardous waste. All facilities having U.S. Environmental Protection Agency (EPA) hazardous waste identification numbers are assessed the fee. Our records show that you have been assigned a Hazardous Waste Identification Number for the facility shown in the address section of the enclosed fee collection form. Fees collected under this program will be deposited in the state's Hazardous Waste Remedial Fund. The money will be used for the identification, assessment and cleanup of abandoned or uncontrolled sites, and the development of alternatives to land disposal of these wastes.

PLEASE NOTE. Fees are due on or before April 15, 2000. A penalty of 15% of the fee due in addition to the fee due will be collected on fees delivered or postmarked after April 15, 2000. The department will enforce the collection of any delinquent fees and will follow up on any forms that are not returned.

The form must be completed and signed even if no fee is required or if you think you received the form in error. Please be sure to complete and sign the certification section that is located on the bottom reverse side of the form. You should line through any errors in your mailing or facility address and insert the correct information.

Following are some examples of situations that have caused confusion in the past and how to handle them.

- If you think that you received the hazardous waste fee form in error, you should write a short note explaining why and return it to DNR along with the form.
- If your facility has not generated, transported, treated, or disposed of hazardous waste within the borders of Iowa **during 1999** write a short note of explanation and tell us if you expect to generate, transport, treat, or dispose of hazardous waste in the future.
- If your facility went out of business or changed ownership **before January 1, 1999** you should provide us with the date the facility closed or changed ownership. **Please note that if you owned or operated the facility during a portion of 1999 you are responsible for paying the fees for that period time.**
- Many facilities are under the mistaken impression that if a disposal company picks up the hazardous waste (i.e., leased parts washers), they are not required to pay the fee. This is not true. The facility that uses the product and produces the waste is classified as the waste generator and must pay the applicable fees.
- State law does not recognize the "Conditionally Exempt Small Quantity Generator" status. This is a term used by the federal government. Every facility that generates hazardous waste in Iowa regardless of how small the quantity must pay the appropriate fees.
- This fee is different from the Household Hazardous Materials Permit fee which is paid to the department by businesses *selling household hazardous materials*, not businesses *generating hazardous waste*.

Please complete the enclosed form, attach a check or money order if appropriate, and mail to the Department of Natural Resources, 900 E. Grand, Des Moines IA, 50319-0034.

You may call the department's Contaminated Sites Section at (515) 281-8801 or e-mail irene.ray@dnr.state.ia.us if you have any questions.

We appreciate your cooperation.

DEFINITIONS

Relating to Hazardous Waste Fee Collection (Extracted from 455B.411, Code of Iowa)

1. *Abandoned or uncontrolled hazardous waste disposal site* means real property, which has been, used for the disposal of hazardous waste either illegally or before regulation under this chapter.

2. *Disposal* means the discharge, deposit, injection, dumping, spilling leaking or placing of a hazardous waste into or on land or water so that the hazardous waste or hazardous substance or a constituent of the hazardous waste or hazardous substance may enter the environment or be emitted into the air or discharged into any waters, including ground waters.

3.a. *Hazardous waste* means a waste or combination of wastes that, because of its quantity, concentration, biological degradation, leaching from precipitation, or physical, chemical or infectious characteristics, has either of the following effects:

(1) Causes or significantly contributes to an increase in mortality or an increase in serious irreversible, or incapacitating reversible illness.

(2) Poses a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed.
Hazardous waste may include but is not limited to wastes that are toxic, corrosive or flammable or irritants, strong sensitizers or explosives.

3.b. *Hazardous waste* does not include:

(1) Agricultural wastes, including manures and crop residues that are returned to the soil as fertilizers or soil conditioners.

(2) Source, special nuclear, or by-product material as defined in the Atomic Energy Act of 1954, as amended to January 1, 1979.

4. *Treatment* means a method, techniques or process, including neutralization, designed to change the physical, chemical or biological character or composition of a hazardous waste so as to neutralize the waste or to render nonhazardous, safer for transport, amenable for recovery, amenable for storage, or to reduce the waste in volume. *Treatment* includes any activity or processing designed to change the physical form or chemical composition of hazardous waste to render the waste nonhazardous.
